- On November 11, 2014 the national organization of Vietnam Veterans of America has made Classic Country Radio's Bucks Braun a National Honorary Member for Life in recognition of his 25 years emceeing all events at the Dayton Vietnam Veterans Memorial Park, his three awards as Miami Valley Veterans Advocate of the Year, and hosting Classic Country Radio's "Voice of the Veterans" broadcast each week. He was honored to receive a plaque along with a framed letter from National President of the Vietnam Veterans of America. Braun is extremely grateful but reminds us that this is not about him, but about those who served and sacrificed; about those we owe our freedom to and those who have given us this wonderful American life.
